

Brian D. Silber Memorial Fund

*Established as a Tribute to
Brian D. Silber*

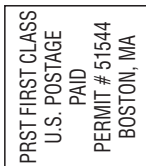

March 11, 1968 – July 2, 1996

The Brian D. Silber Memorial Fund was established in 1996 to support research on spinal cord tumors and to improve the outcome for spine tumor patients. Spinal cord tumors are so rare that little direct study had been undertaken at the time of Brian's death, and it was Brian's hope that monies raised would help change this for the better.

To accomplish this goal, Brian's Fund has made annual grants to Massachusetts General Hospital, where the total contributions have reached over \$2.2 million. Thanks to your support, much progress has been made at MGH over the past 20 years:

- Establishment of the Brian D. Silber Spine Tumor Clinic at MGH
First-of-its-kind spine tumor clinic
Patient care, research, and education
Website: spinetumorcenter.mgh.harvard.edu
- Establishment of a named laboratory in memory of Brian D. Silber
- Support of research on spinal cord tumors – leading to clinical trials
- Sponsorship of 14 Brian D. Silber Lectureships

Your support is critical for the continued success of Brian's Fund. Working together we can make a difference in the lives of spinal tumor patients and their families. Thank you!
